

1.5Km of Studio Rail goes to Milan

Doughty Engineering Ltd is proud to announce its recent supply of Studio Rail to the QVC Shopping Channel studios in Milan, Italy.

This project saw some one and a half Kilometers of Studio Rail installed into four studios totaling over 1000 sq/m.

Along with the Studio Rail Doughty supplied a large quantity of Pantographs and Special Bracketry to enable a seamless installation and enable the range of cameras, monitors and speakers to be suspended safely.
